TEMBUSU GRAND

SPECIFICATIONS OF THE BUILDING

1. FOUNDATION

Bored piles and/or pre-cast piles and/or reinforced concrete piles and/or footings and/or raft foundation and/or non-suspended slabs on grade.

2. SUPERSTRUCTURE

Pre-cast and/or cast-in-situ reinforced concrete and/or reinforced concrete prefabricated and prefinished volumetric construction (PPVC) and/or steel structures.

3. WALLS

- a. External Walls : Reinforced concrete and/or precast panels and/or lightweight concrete panels/blocks.
- b. Internal Walls : Reinforced concrete wall and/or drywall partition and/or precast panel and/or lightweight concrete panel/ blocks and/or precast lightweight sandwich panel.

4. ROOF

Flat Roof : Reinforced concrete slab with waterproofing system and insulation (where applicable) and/or metal roof.

5. CEILING

(i) Residential Units

Refer to Ceiling Height Schedule for details.

- a. Living, Dining, Bedrooms, Study, Corridor leading to Bedrooms, Walk-in Wardrobe, Household Shelter, Kitchen, Dry Kitchen, Wet Kitchen and Yard : Concrete slab with skim coat and/or ceiling/plaster board and/or box up to designated areas with paint finish.
- b. Balcony and PES : Concrete slab with skim coat and/or box up with paint finish
- c. All Bathrooms, Powder Room and WC : Ceiling/plaster board and/or box up to designated areas with paint finish.

(ii) Common Areas

- a. Lift Lobbies : Concrete slab with skim coat and/or ceiling/plaster board with paint finish.
- b. Carpark Area and Staircases : Concrete slab with skim coat with paint finish.

6. FINISHES

Finishes - Wall

(i) Residential Units

- a. Living, Dining, Bedrooms, Study, Corridor leading to Bedrooms, Walk-in Wardrobe (where applicable), Household Shelter and Yard : Cement and sand plaster and/or skim coat with paint finish.
- b. Balcony and PES : Cement and sand plaster and/or skim coat with paint finish.

TEMBUSU GRAND SPECIFICATIONS OF THE BUILDING

- c. Kitchen, Dry Kitchen, Wet Kitchen : Cement and sand plaster and/or skim coat with paint finish and/or tiles
- d. All Bathrooms, Powder Room (where applicable) and WC : Tiles

Note : All wall finishes are provided up to false ceiling level and on exposed surfaces only. No finishes behind all built-in cabinets, vanity/mirror cabinets, kitchen cabinets, mirrors and wall surfaces above false ceiling. No skirting is provided in the entrance alcove to all units. Wall surfaces above false ceiling level will be left in its original bare condition.

(ii) Common Areas - Internal Wall Finishes

- a. Lift Lobbies : Tiles and/or laminate finish and/or cement and sand plaster and/or skim coat with paint finish (up to false ceiling and at exposed surfaces).
- b. Carpark and Staircases : Cement and sand plaster and/or skim coat with paint finish.

Finishes - Floor

(i) Residential Units

- a. Living, Dining, Corridor leading to Bedrooms, Kitchen, Dry Kitchen (where applicable) : Type A1S, A1S(d), A1S(p), A2S, A2S(d), A2S(p), B1, B1(d), B1(p), B2S, B2S(d), B2S(p), C1, C1(d), C1(p), C2S, C2S(d), C2S(p):
Tiles with skirting (where applicable)

Type D1, D1(p), D1(d), E1, E1(p), PH:
Stone with skirting (where applicable)
- b. Study : Type A1S, A1S(d), A1S(p):
Engineered timber flooring with skirting

All units except A1S, A1S(d), A1S(p):
Tiles with skirting
- c. Household Shelter, Wet Kitchen, Yard, Balcony and PES : Tiles with skirting (where applicable)
- d. Bedrooms, and Walk-in Wardrobe (where applicable) : Engineered timber flooring with skirting (where applicable)
- e. All Bathrooms, Powder Room and WC : Tiles

Note : No finishes below cabinets and wardrobes. All floor finishes to exposed surfaces only.

(ii) Common Areas

- a. Lift Lobbies : Stone and/or tiles
- b. Staircases : Tiles and/or cement sand screed with nosing tiles

7. WINDOWS

Aluminium framed windows with tinted and/or clear glass and/or laminated glass and/or restrictor (where applicable).

TEMBUSU GRAND

SPECIFICATIONS OF THE BUILDING

8. DOORS

- a. Main Entrance : Approved fire-rated timber door and metal grille gate
- b. Living and/or Dining/ Bedrooms to Balcony and/or PES : Aluminium-framed sliding glass door
- c. Bedrooms, Bathrooms and Powder Room : Hollow core timber swing / sliding door
- d. Wet Kitchen (where applicable) : Timber swing / sliding door with glass panel
- e. WC (where applicable) : PVC slide-swing door
- f. Household Shelter : Approved metal swing door
- g. PES : Aluminium-framed swing glass gate

Note:

Good quality locksets and ironmongery shall be provided to all doors.

All glass doors to be of tinted/ and/or clear glass (where applicable).

All aluminium framed sliding glass door to be of tinted glass with restrictor (where applicable).

9. SANITARY WARES, FITTINGS & ACCESSORIES

- a.1 Master Bath for Type A1S, A1S(p), A1S(d), A2S, A2S(p), A2S(d), B1, B1(p), B1(d), B2S, B2S(p), B2S(d), C1, C1(p), C1(d), C2S, C2S(p), C2S(d)
 - 1 wall hung water closet
 - 1 basin and basin mixer
 - 1 shower mixer set
 - 1 toilet paper holder
 - 1 mirror with cabinet
 - 1 towel rail
 - 1 bib tap
- a.2 Master Bath for Type D1, D1(p), D1(d), E1 and E1(p), and Junior Master Bath for Type PH
 - 1 wall hung water closet
 - 2 basins and basin mixers
 - 1 shower mixer set
 - 1 toilet paper holder
 - 1 mirror with cabinet
 - 1 towel rail
 - 1 bib tap
- a.3 Master Bath for Type PH
 - 1 wall hung water closet
 - 2 basins and basin mixers
 - 1 shower mixer set
 - 1 bathtub and bath mixer
 - 1 toilet paper holder
 - 2 mirrors with cabinet
 - 1 towel rail
 - 1 bib tap
- b. Common Bath
 - 1 wall hung water closet
 - 1 basin and basin mixer

TEMBUSU GRAND

SPECIFICATIONS OF THE BUILDING

Notes to Specifications

A Marble/Limestone/Granite

Marble/limestone/granite/ are natural stone materials containing veins with tonality differences. There will be colour and markings caused by their complex mineral composition and incorporated impurities. While such materials can be pre-selected before installation, this non-conformity in the marble/limestone/granite as well as non-uniformity between pieces cannot be totally avoided. Granite tiles are pre-polished before laying and care has been taken for their installation. However, granite, being a much harder material than marble, cannot be re-polished after installation. Hence, some differences may be felt at the joints. Subject to clause 14.3 of sale and purchase agreement, the tonality and pattern of the marble, limestone or granite selected and installed shall be subject to availability.

B Engineered Wood

The top layer of engineered wood is from a natural timber material containing veins and tonal differences. Thus, it is not possible to achieve total consistency of colour and grain in their selection and installation. Engineered wood is subject to thermal expansion and contraction beyond the control of the builder and the Vendor. Notwithstanding this note, the Vendor shall remain fully responsible for the performance of its obligations under clause 9 and clause 17 of sale and purchase agreement.

C Quartz

Quartz stone is an engineered stone surface that comprises of natural extract from the earth. The pigmentation found in these natural extracts sometime varies and as a result, the final products are subjected to variations in colour and vein pattern. Like most materials, excessive force, high point loads, pressure or heat may cause thermal shock, discoloration or damage to the surface. Notwithstanding this note, the Vendor shall remain fully responsible for the performance of its obligations under clause 9 and clause 17 of sale and purchase agreement.

D Air-conditioning system

To ensure good working condition of the air-conditioning system, the system has to be maintained and cleaned on a regular basis by the Purchaser. This includes the cleaning of filters, clearing of condensate pipes and charging of gas. The Purchaser is advised to engage his own contractor to service the air-conditioning system regularly.

E Telecommunication and/or Internet Access

The Purchaser is liable to pay annual fee, subscription fee and such other fees to the Telecommunication and/or internet service providers or any other relevant party or any relevant authorities. The Vendor is not responsible to make arrangements with any of the said parties for the service connection for their respective channels and/or internet access.

F Materials, Fittings, Equipment, Finishes, Installations and Appliances

Subject to clause 14.3 of sale and purchase agreement, the brand, colour and model as specified for all materials, fittings, equipment, finishes, installations and appliances to be supplied shall be provided subject to the Architect's selection and market availability.

G Layout/Location of Wardrobes, Kitchen Cabinets, Fan Coil Units, Home Fire Alarm Device, Electrical Points, Telecommunication Points, Door Swing Positions and Plaster Ceiling Boards

Location of wardrobes, kitchen cabinets, fan coil units, home fire alarm device, electrical points, telecommunication points, door swing positions and plaster ceiling boards are subject to the Architect's final decision and design.

TEMBUSU GRAND SPECIFICATIONS OF THE BUILDING

H Warranties

Where warranties are given by the manufacturers and/or contractors and/or suppliers of any of the equipment and/or appliances installed by the Vendor at the Unit, the Vendor will assign to the Purchaser such warranties at the time when vacant possession of the Unit is delivered to the Purchaser. Notwithstanding this assignment, the Vendor shall remain fully responsible for the performance of its obligations under clauses 9 and 17 of sale and purchase agreement.

I Web Portal of the Housing Project

The Purchaser will have to pay annual fee, subscription fee or any such fee to the service provider of the Web Portal of the Housing Project as may be appointed by the Vendor or the management corporation when it is formed.

J False Ceiling

The false ceiling space provision allows for the optimal function and installation of M&E services. Access panels are allocated for ease of maintenance access to concealed M&E equipment for regular cleaning purposes. Where removal of equipment is needed, ceiling works will be required. Location of false ceiling is subject to the Architect's sole discretion and final design.

K Gondola System

Gondola supports/ brackets/ platforms/ tracks will either be floor, wall or soffit mounted (top/ side/ below) on RC flat roof/ external wall/ RC ledge/ trellis/ canopy of tower blocks.

L Waste Disposal System

Pneumatic waste conveyance system is provided at the common area at every residential lift lobby level.

M Glass

Glass is manufactured material that is not 100% pure. Invisible nickel sulphide impurities may cause spontaneous glass breakage, which may occur in all glass by all manufacturers. The Purchaser is recommended to take up home insurance covering glass breakage to cover this possible event. Notwithstanding this note, the Vendor shall remain fully responsible for the performance of its obligations under clauses 9 and 17 of sale and purchase agreement.

N Mechanical Ventilation System

Mechanical ventilation fan and ducting are provided to toilet which is not naturally ventilated. To ensure good working condition of the mechanical ventilation system, the mechanical ventilation system for the exhaust system within internal toilets (where applicable) is to be maintained by the Purchaser on a regular basis.

O Wall

All wall finishes shall be terminated at false ceiling level. There will be no tiles/stone works behind kitchen cabinets/vanity cabinet/mirror.

TEMBUSU GRAND SPECIFICATIONS OF THE BUILDING

P Cable Services

The Vendor shall endeavour to procure a service provider for Fibre and/or internet services (the "Cable Services") to provide the necessary cabling or connection from its network to the Unit/Building and/or the Housing Project (or any part or parts thereof), so as to enable the Unit/Building and/or the Housing Project to receive the Cable Services. In the event, despite reasonable efforts being made by the Vendor, the Vendor is unable to procure any service provider to provide the said cabling or connection, thereby resulting in there being no Cable Services available in the Unit/Building and/or the Housing Project, the Vendor shall not be liable to the Purchaser for any compensation or for any damages, costs, fees, expenses or losses whatsoever, or howsoever incurred, by virtue of the Purchaser being unable to obtain the Cable Services in the Unit/Building and/or the Housing Project.

Q Prefabricated Bathrooms

Certain master bathroom, bathroom and WC may be prefabricated construction and all penetrations are sealed at manufacturer's factory prior to installation on site. Any subsequent penetrations are not recommended as they will compromise the waterproofing warranty.
